Incident Summary: The victim was sitting in her bedroom when she saw an orange light shining through her window and then immediately heard a loud bang. The victim's father went into her bedroom to check on her condition. When the victim's father realized everything was ok he left out of the bedroom. After the victim's father left the bedroom, the victim heard several more loud bangs and realized she had been shot. The victim ran out of her bedroom towards her parent's bedroom for help.

After the gunshots stopped, the victim's father looked out the window and realized the back of the house was on fire. The victim's father ran outside with a fire extinguisher and was able to extinguish the fire. There were two glass containers which had contained gasoline that were used to ignite the back of the house. The house suffered minor damage. The victim was transported to Childrens Hospital in stable condition with a single gunshot wound to her right buttocks and is expected to survive her injuries.
